**FLORIST**

JERUSALEM AND WANTAGH AVES.  
WANTAGH, NEW YORK

To Those  
Interested in  
Better Gardening

---

IT IS difficult to convey herein an explanation of the difference in quality between our stock and that which is sometimes obtainable elsewhere at lower prices. *It is that difference* that so often occasions the disappointments and failures in the garden.

DAUERNHEIM, INC.  
WANTAGH, L. I., N. Y.

Telephone WANTAGH 1200

## *Landscape Service*

Our trained men are glad to be of assistance to you at all times in planning your garden—in suggesting plants for different situations. We also design, construct, and build rock gardens, lawns and pools. Our work is guaranteed. In all our landscape work a complete analysis of the soil is made by our Soil Technologist, and the areas treated accordingly. This intelligent treatment abolishes the element of chance and insures satisfactory work. For soil-preparation we use a Rototiller, which leaves the soil in a finely pulverized condition. It thoroughly incorporates fertilizers and organic material, applied as a top-dressing, throughout the entire soil-mass.

## *Soil Service and Plant Feeding*

A valuable service to our patrons.

We want to help our patrons establish their plant material properly, and we are able, through the services of our Garden Consultant and Soil Technologist, to offer practical advice with definite recommendations for success.

Suitable soil conditioners and fertilizers will be recommended and prices quoted upon request.

Remember, plants which are grown in correctly prepared soil will ultimately give the most satisfaction.

Inquire about this service. You will find it not only helpful, but really necessary.

## *Grass Seed*

### **“DAUERNHEIM SPECIAL MIXTURE” GRASS SEED**

The result of 20 years' experimenting with grass seed mixtures, we believe this is the ideal mixture for Long Island conditions.

Lb. 70c., 5 lbs. \$3.25, 10 lbs. \$6.25, 25 lbs. \$15.00,  
100 lbs. \$58.00

### **“DAUERNHEIM SHADY MIXTURE” GRASS SEED**

Especially suited to shady locations.

Lb. 70c., 5 lbs. \$3.25, 10 lbs. \$6.25, 25 lbs. \$15.00,  
100 lbs. \$58.00

## *Cultivated Sod*

For the construction of lawns for immediate effect, terraces and slopes, we offer cultivated sod grown from our “Dauernheim Mixture.” We have 30 acres under scientific cultivation.

Price: \$11.00 per 100 sq. ft., \$100.00 per 1000 sq. ft.

F.O.B. Wantagh; trucking extra

Nasturtium

## AZALEAS

### KURUME AZALEAS

This very interesting group of Azaleas will become justly popular in the near future. If care is used in the preparation of the soil and location, and the plants given slight protection during the Winter, they are hardy in this climate. We have carried these plants with protection, through a severe Winter when the temperature registered as low as 16 degrees below zero, without freezing buds.

- Cattleya.** Pale lavender.
- Coral Bells.** Salmon-pink; double.
- Daybreak.** Orchid-pink.
- Flame.** Madder-red, suffused copper.
- Hinodegiri.** The most popular of all the red evergreen Azaleas and one of the hardiest.
- Pink Pearl.** Salmon-rose, shading lighter to center.
- Snow.** Glistening pure white. One of the hardiest.
- Sun Star.** Single; dark rose-pink, carmine stripe.

One-year-old plants.....\$1.00 each, \$10.00 per doz.  
 8 to 10 inch crown.....\$1.25 each  
 10 to 12 inch crown.....\$1.50 each

### KAEMPFERI HYBRIDS

Vigorous, half-evergreen shrubs with large, beautiful flowers. **Separate Colors, Shell Pink, Light Pink, Dark Salmon and Brick-Red**

10 to 12 inch crown.....\$1.00 each  
 15 to 18 inch crown.....\$2.00 each
